# Afrobeat Dance Studio

 Overview:

This website is designed for Dance Studio. It provides users with information about the studio, its offerings, and various ways to get in touch or subscribe to dance classes. It is created using HTML, CSS, and some PHP for form handling.

Website Structure:

The website is structured into multiple sections, including navigation, content areas, and forms, with a responsive layout designed for different screen sizes (mobile, tablet, and desktop). The website uses external fonts from Google Fonts for styling.

HTML Pages:

Home Page (index.htm): This page introduces the Afrobeat Dance Studio and its offerings. It contains a hero (banner) image and general information about the studio's mission, classes, and membership options.

The About Us Page (about.html) provides details about the studio's history, mission, instructors, and class offerings.

Dance Training

- Comprehensive Curriculum: We offer a diverse range of styles and techniques, from ballet to hip hop,

Beginner

Got the basics down? Level up with new moves and routines.

- Welcoming Environment: Our beginner classes are designed for newcomers, fostering a friendly atmosphere where everyone feels comfortable and encouraged to learn.
- Fundamental Techniques: Students will focus on basic movements and

Intermediate

Feel pretty confident? Learn more challenging skills and pieces.

- Skill Advancement: Intermediate classes challenge dancers to refine their technique, explore more complex choreography, and develop their unique style through varied dance genres.

Variety of Dance Styles

The Following are variety of dance styles we offer.

Azonto
This class emphasizes storytelling through dance, allowing you to connect with the music and culture while having fun.

Hip Hop
This high-energy class focuses on rhythm, creativity, and self-expression, combining various techniques from breaking to locking.

Lite Feet
Known for its fast-paced footwork and smooth gliding moves, this class will challenge your coordination and rhythm while encouraging you to freestyle and express yourself.

Afrobeat
This class combines traditional African dance with modern influences, creating a lively and expressive atmosphere.

For more information about how to stay active, visit the **QWARDWOHMONDAY**.
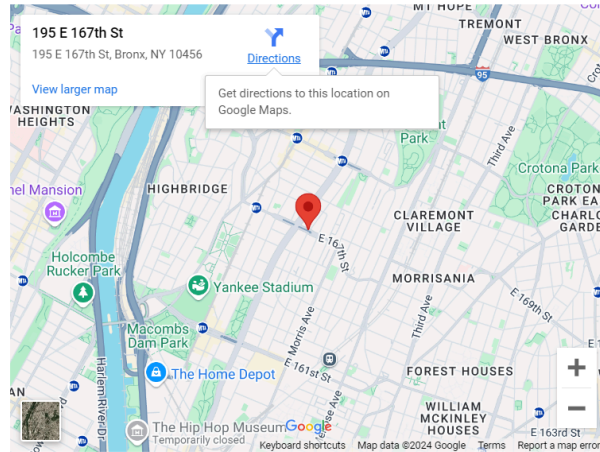

Contact Us Page (contact.htm): Provides contact details (phone, email, address) and a Google Maps embed for directions to the studio. Also includes a contact form for inquiries.

Customer Information

First Name [   ] Last Name [   ] Email [   ] Phone [   ]

Referral Source

Subscription Page (subscription.php): Allows users to subscribe to dance classes with a form where they select their preferred plan. PHP is used to process the form and display confirmation messages.

Website Features

Navigation Bar
The navigation bar includes links to essential sections of the site:

1. Home
2. About Us
3. Contact Us
4. Subscription

Each link directs users to the appropriate page; **in case the link does not open, please make sure to check the URL to see if it says HTML**

Main Content

Welcome Section: A brief introduction to Afrobeat Dance Studio, its mission, and the services it offers, including dance classes for different skill levels (beginner, intermediate, etc.).

Trial Offer: A one-week free trial offer is prominently displayed, with a call-to-action encouraging visitors to contact the studio.

Dance Styles Section: Detailed descriptions of the different dance styles offered, such as Azonto, Hip Hop, Lite Feet, and Afrobeat.

Forms
Contact Form (in contact.htm): Users can submit inquiries through a form that captures their first and last names, email, phone number, referral source, and any questions they have. The form submission is handled using PHP, and an email is sent to the studio.

Subscription Form (in subscription.php): Users can sign up for a subscription to the studio's classes. The form requires the user's name, email, and plan selection (Basic, Standard, Premium). Upon submission, PHP processes the data and provides feedback (success or error messages).

Footer
The footer contains copyright information, the designer's contact details, and a link to the designer's email.

Other Details

External Resources
Google Fonts: The website uses two fonts, "Francois One" and "Roboto Slab," imported via the Google Fonts API.
Stylesheet: The CSS for styling the website is located in an external stylesheet (styles.css), controlling layout, fonts, colors, and responsiveness.

Media
Images: The site uses various images (banner.jpg, pic1.heic, pic2.jpg, etc.) to visually enhance the pages, particularly in the hero section and dance style descriptions.

Responsive Design
The website layout adjusts depending on the device screen size, with elements shifting between a mobile and desktop/tablet view.

PHP Handling
Form Processing: The contact and subscription forms use PHP to handle the data. For the contact form, the PHP script collects the user input and sends an email to the specified address. For the subscription form, it processes the user's input and returns a message indicating success or error.

Future Enhancements
Backend Integration: Potentially add database integration to store subscription data and contact inquiries.
